

October 31, 2014

To Whom It May Concern:

I am happy to provide a reference for Legend Exteriors & Construction, an insurance restoration contractor I have worked with for the last couple years. As the Regional Sales V.P. of Alside, I've known Joe Ward, Steve Ward and Josh Burton during that time and find their entire staff to be a respectable company who run their business with integrity and skill. I've dealt with hundreds of contractors throughout the Midwest in my 15 years of employment with Alside so when my own house was damaged by hail in the spring of 2014 I immediately contacted them to do the work.

Scott Stark, a Legend team member was the project manager assigned to my job. Scott was professional, always available and communicated every step along the way of the having my roof replaced. On my behalf, Scott worked exceptionally well with my insurance company to save me time and work through the inconveniences of storm paperwork. The Legend installers were also impressive as they worked efficiently while being courteous and not taking shortcuts with their workmanship or jobsite cleanup.

From someone in the construction industry for more than 15 years, Legend Exteriors & Construction has proven to be dependable, straightforward and honest. Construction work can be quite expensive and invasive, but the Legend team has always been forthright with expectations, lead times and production issues. I'm happy to recommend them to anyone seeking insurance restoration work or any type of exterior construction renovation.

Sincerely,

A handwritten signature in blue ink that reads "Kyle Yeske".

Kyle Yeske

Regional Sales V.P. for Alside
